7. As a result of the scrutiny by the Executive Engg., the estimate has been revised to Rs 8726, the additional cost ~~being~~ ~~Rs 1453~~ over the original estimate amount of Rs 7273, being Rs 1453/-

The cost of the several works has been estimated separately, as desired in sl 2, though the estimate has been subd for sanction as a whole -

The work is proposed to be entrusted to the P.W. D.

The Executive Engg. suggests that ^{in cases} ~~all~~ of works connected with Religious & Charitable institutions, the D.P.W. Estab^t, tools and plant charges should be waived and has, therefore, not been included in the estimate, and that specific orders of Govt should be obtained in the matter.

It may, perhaps, be noted that there appears to be no standing order of Govt in the matter, though in some cases such as Lphati Subramanyaswami Temple works and Nanjaraj Bahadur Chattram works, the estab^t etc ~~to~~ charges have been waived. If approved, the opinion of the Chief Engineer may be called for in the matter.

The Mangalore Tiled roofing in place of the Existing Country tiled roof is the chief item in the estimate for the Mandir.

2. The Chaudwala is the corridor that runs on all sides of the Springs beyond an open space round the latter. These

Spacious Cloisters afford
Accommodation for devotees
travellers and visitors. The
Mandir is a famous one in
these parts and, is richly
endowed, it is under con-
-templation to found a
"Patala" in the temple for
religious knowledge. The
Chandradala will then afford
accommodation for the
Classes and Students.

3. The work will have
to be carried out by the D.P.W
Agency. The Supervision
Charges may be waived as
a special case, this satisfaction
being one founded by the
Early Nagar Chiefs, who were
destroyed by Hyder Ali

Sir,

I have the honour to submit herewith for the sanction of Government a detailed estimate amounting to Rs 7273½ for thorough repairs to be executed to the Sri Rameswara Devaru temple at Keladi in the Sagar Taluk.

2. The Amildar and the Sub-Division Officer, Sagar, report that the temple stands in need of urgent repairs. The institution was inspected by the District Supervisor, Maramat Branch, in company with the Dharmadarsis and the above estimate has been got up by him agreeably to their wishes. Further, the estimate has been carefully prepared and due provision for repairing the main-building, out-houses, car-shed, well and cars attached to the temple, has been made therein. A portion of the building is reported to have Mangalore tiled roofing whereas the other portions have got only country tiled roofing. It has now been proposed to have Mangalore tiled roofing for the whole portion so as to secure uniformity in appearance. Necessary provision has been made in the estimate for this item also.

3. The cost of these works may be met out of the sum of Rs 20,251-15-1 reported to be available at the credit of the institution under Muzrai Funds on 1st October 1915.

4. The file of vernacular papers and the District Supervisor's memo on

on the subject accompany for reference and obliging return.

I have the honour to be,

Sir,

Your most obedient servant,

Deputy Commissioner,
